

THE ULTIMATE EURO PERFORMANCE

Protex's Ultra Performance range offers OE equivalent components for a perfect fit, suited to vehicles from European manufacturers such as Mercedes, BMW and Volkswagen. Protex's Ultra Performance range is designed to deliver.

Rotors

- **Anti-Corrosion Protection:** Ultracoat Z360, our proprietary and exclusive coating, ensures a fast fit and longer-lasting protection against corrosion.
- **Optimal Heat Dissipation:** High carbon cast iron formulation, manufactured with application intended directional slotting and innovative rotor vent design ensures maximum heat dissipation for better braking.
- **Quiet Efficient Braking:** Experience a responsive and smoother pedal feel with less noise.

Pads

- **High friction low dust ceramic formulation:** Our ceramic pad offers a smooth, responsive, and quiet braking experience.
- **Improved Pedal Feel:** Enjoy more refined and comfortable braking alongside exceptional service life with our ceramic pads.
- **Quick Fitting:** No bedding-in process is required, making fitting quicker and easier.

Protex offers extensive coverage for popular European vehicles

Excellent Quality

Our products are manufactured with high-quality components and the latest technologies to provide OE compatible replacement parts.

Optimum Performance

Our latest innovation in product design and manufacturing means that our range now delivers better wear, quieter braking and improved stopping performance.

Comprehensive Warranty

We stand behind our quality, with our extended 12 months / 20,000km warranty on all pads and rotors for maximum peace of mind.
