

70 SERIES LANDCRUISER

NEW RELEASE.

Unleash your Toyota 70 Series 4WD's braking capabilities with this game-changing Protex powerhouse upgrade - the new Protex 4WD Brake Booster. Engineered specifically for heavy vehicles with an uncompromising double-diaphragm design, it delivers up to 35% more deceleration for the same pedal effort applied*.

FEATURES

- Double diaphragm technology
- Compatible with OE Master Cylinders for easy installation
- Suits a large range of Toyota Land Cruiser 70 Series models from the 1980's onwards
- Outstanding performance backed by comprehensive field testing

BENEFITS

- Double diaphragm technology delivers a direct power upgrade from OE boosters
- Increased stopping power suitable for stock & GVM-upgraded vehicles
- Shorter stopping distance with reduced pedal effort

*Data obtained on a vehicle weighing 2.88 tonne with a pedal effort of 400N.
